## **MP MEETS WITH NEW PREMIER OF NORTHWEST TERRITORIES**

*Bevington looks forward to positive working relationship with Premier Roland*

**YELLOWKNIFE** – Western Arctic MP Dennis Bevington met with Premier Floyd Roland and Deputy Premier Michael Miltenberger at the Legislative Assembly this morning. Bevington said the meeting was a great opportunity to start working with the new NWT government on key federal issues of concern to Northerners.

“I was very pleased to see Premier Roland’s attitude towards working together on common goals and directions,” said Bevington.

The politicians spoke about Bevington’s recent meeting with Indian and Northern Affairs Minister Chuck Strahl, in which major infrastructure priorities for the NWT were discussed, as well as other issues.

“It was definitely a pleasure to meet with Mr. Roland and Mr. Miltenberger. I look forward to working with all Cabinet Ministers in their new portfolios in the future,” said Bevington.
