

Arctic Sunwest Crash Statement

September 27, 2011

The news of another tragic aviation crash has hit the Northwest Territories hard.

On behalf of my Constituents, and my colleagues in the House of Commons I wish to extend my heartfelt condolences to the family and friends of the two victims of the Twin Otter crash in Yellowknife.

Also, my thoughts and prayers are with the survivors and their families. Flying is the main means for travel in our vast territory, and our economy depends heavily upon our aviation industry and service.

It has been a difficult month for our Northern pilots and Northern Aviation industry.

Sincerely,

Dennis Bevington MP

Western Arctic
