

## National Family Week Statement

October 3-9, 2011

The season of fall is here in the NWT, and across Canada. For Family week 2011, and as your Member of Parliament for the Western Arctic, I want to acknowledge my family and all the working families across the Northwest Territories.

Here in the North families play a key role in our cultural fabric, and the strength and wellness of our communities. I know I wouldn't be where I am today without the strength and moral support of my spouse, parents, siblings, children and grandchildren.

Have a safe, healthy and happy Family Week 2011!

Sincerely,

Dennis Bevington MP

Western Arctic
